**TIDY TOWN POLLINATOR PLAN** The Tidy Towns in association with other Tidy Towns groups are encouraging the development of Pollination Zones throughout this Parish as a way of combating the serious decline in the bee & insect population. We have visited all the schools in the Parish & they are already involved in promoting Pollinator Zones throughout this Parish both within the school grounds & their home surroundings. This campaign is timely, given the alarming UN Report this week regarding the extinction of many of our wild life species. If you would like to get involved please contact any Tidy Town Committee Member.
