DUNMORE TIDY TOWNS Tree Planting (Native) - We have registered our interest in participating in the national campaign to plant Irish trees in an effort to improve biodiversity and combat global warming. We hope to receive 1000 saplings for planting in spring of 2022. As part of application we must demonstrate our capability to distribute and plant these saplings in appropriate locations throughout our parish. Therefore we need volunteers with an interest in the health of the environment for future generations to register their commitment to accept small numbers of saplings for planting on their properties. The saplings will be provided free of charge. The only requirement will be that volunteers photograph and record the exact location of the trees. We will ask our heritage committee to transfer this information on to a digital map of the Parish, this will form part of a wider Heritage audit of our Parish. If you wish to register your interest in this project please contact Bina Walsh, Graham Marlow, Joan Walkin, George Bruen, Madeline Mitchell, or David McDonagh.
